DETAILED ACTION

Ex Parte Quayle

This application is in condition for allowance except for the following formal matters:

Claim Objections

1. Claims 39-40 and 42-48 are objected to because of the following informalities:

With respect to claim 39, in line 3, replace “receive a circuit switched message from a central authority” with --receive a circuit switched message from a central authority requesting that the client device register with the central authority through the packet switched data network-- thereby claims 1 and 39 have the same allowable subject matter. Appropriate correction is required.

Allowable Subject Matter

2. Claims 1-10, 14-24, and 49-50 allowed.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm’r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
